UPGRADE YOUR BUSINESS

Microsoft SharePoint Knowledge Sharing Workshop

Successful adoption strategy through business value planning

Thursday 12 November 2009, 3pm
Tower Hill, London

Sword Group's Consulting practice, in conjunction with Microsoft, is hosting a free interactive workshop at its London offices to explore how organisations can effectively plan for successful business adoption of Microsoft SharePoint and avoid the potential "runaway train" effect.

Sword will present a proven Delivery Maturity Model and will offer guidance on effective deployment and adoption.

Microsoft's EMEA Regional Practice Manager will present their Competence Centre approach outlining successful methodologies for Governance, Adoption and Business Value Planning of SharePoint.

Sword's partner AvePoint will discuss how to protect valuable business assets when planning a SharePoint deployment through enhanced capabilities around Compliance, Replication and e-Discovery.

Microsoft and Sword's SharePoint subject matter experts will present the very latest roadmap for SharePoint 2010 including a live demonstration.

Agenda

15:00 – 15:15 Sword - Welcome

15:15 – 15:30 Sword - Delivery Maturity Model

15:30 – 16:00 AvePoint - Protecting Business Assets

16:00 – 16:30 Microsoft - Business Value Planning

16:30 – 17:00 Microsoft/Sword - SharePoint 2010 vision and demo

17:00 onwards - Networking

This event is aimed at technology and business professionals looking to harness the power of SharePoint, deliver rapid adoption and business value and manage change by proven successful strategies. This interactive workshop is a great opportunity to participate and network with Microsoft, a leading SI and your peers in an informal environment.
