Sword Intech Invited to Showcase Open Box+ Policy Administration System at Lloyd's IT Service Providers Trade Fair.

Monday 15th June at Lloyd's of London

Sword Intech, the leading provider of business software and services for the global insurance and reinsurance industries, has announced that it will be showcasing the latest release of its policy administration software suite Open Box+ at the IT Providers Trade Fair to be held at Lloyd's of London on Monday 15th June.

What is Open Box+

Open Box+ is Sword Intech's modular, comprehensive policy administration software suite specifically designed for the Lloyd's market. Developed to incorporate all the functional and messaging requirements of the Lloyd's market through nearly 40 years of close association with the market, syndicates & underwriters. Sword Intech's Open Box+ is capable of supporting the complete lifecycle of the Lloyd's insurance business processes.

As a long standing and trusted supplier to numerous syndicates within the Lloyd's market, Sword Intech appreciate the need for insurers and reinsurers to have unparalleled flexibility, scalability and functionality to accelerate their speed to market for existing as well as new lines of business. The latest version of Open Box+ satisfies all these requirements within a proven modern architecture, which also provides a hedge against obsolescence.

About Sword Intech

Sword Intech's solutions have been supporting the London Lloyd's insurance markets for over forty years. Today we have over 50 active clients across 13 countries and offices in New York and Bermuda in addition to London City.

What makes our business analysts different is that a large proportion have themselves either been underwriters or brokers, giving them unprecedented insurance expertise and knowledge. So when you talk to Sword Intech's business analysts, they already fully understand the business challenges facing you and can add significant value to your implementation.
